**Switzerland - Passenger vehicle****General rental information****Important documents**

The lessee and the driver must present a valid driver's license and an identity card or passport while receiving delivery of the vehicle.

Driver's licenses from non-EU countries (except Switzerland) are accepted if:

- a) no visa has been entered in the passport.
- b) the customer has a visa in his passport and at the time of hire has not been in Europe for longer than 6 months. If he has been in Europe for longer than 6 months, he must present a driver's license from an EU country.

Driver's license printed with non Roman Alphabet (Arabic, Chinese, Japanese, Cyrillic etc) must be complemented by an international driver's licence.

For driver's licenses from countries not part of the international driver's license treaty, an official translation of the license must be presented with the original license.

**Age restrictions**

Certain regulations apply related to minimum age and possession of driver's license which can be found during the booking process depending on the booked vehicle. Basically, the minimum age for every driver is 20 years (having held the driver's license for at least 1 year). A deviation from the minimum age is possible depending on the vehicle.

A young driver surcharge applies for drivers under 25 years.

**Tariff information****General**

All credit cards from internationally recognized credit card companies and Airplus are acceptable as payment methods, whereas all prepaid and debit cards, such as VISA Electron are not accepted. The payment method must have been issued in the name of the driver. This must be presented at the time of vehicle pick-up and be valid at this time. The amount that will be debited includes the rental price as well as all additional extras and charges.

A deposit of up to three times the hire price is charged to the chosen means of payment as a security. The deposit for high-value vehicles and luxury cars starts from an altitude of CHF 4,000.00. The exact deposit is determined on collection since the amount is dependent on the vehicle.

**Prepaid tariff - Pay now**

When booking at a prepaid rate, the payment will be charged along with the total rental price (incl. booked extras and charges) prior to the rental. The driver and mode of payment shall be finalised at the time of reservation and cannot be changed. A refund shall not be issued for non-collection, vehicle being collected late or returned early.

A booking can be changed up to 48 hours before the start of the rental (on availability) in return for an alteration charge of CHF 30.00. Any payment already made towards the rental will not be refunded; nor shall any differential amount be refunded if this alteration leads to a lesser rental cost.

A booking can be cancelled before the start of the rental. In the case of cancellation, the already paid pre-payment will be charged, along with a cancellation fee. For reservations with a rental period of up to 3 days, the cancellation fee is 100% of the rental price (including booked extras and charges). For reservations with a rental period of more than 3 days, the size of the cancellation fee depends on the rental price booked (including booked extras and fees), and will be the proportion of this that corresponds to the rate for 3 rental days.

In the event that the booked vehicle is not collected or not collected at the agreed time, the rental charge already paid shall be withheld in full.

Rebookings and cancellations can be made online or in writing: [www.sixt.ch/mysixt](http://www.sixt.ch/mysixt) or Sixt rent-a-car AG, Schwarzwaldallee 242, CH-4058 Basel, Fax: +41 (0)61 325 15 56, Email: [reservation-ch@sixt.com](mailto:reservation-ch@sixt.com)

**Protection conditions****Third party insurance**

The lessee and any authorised driver is insured under the motor vehicle liability insurance. This liability insurance covers injury or damage to third parties up to a maximum sum insured to the amount of CHF 100 million and is limited to Europe.

Excluded from the insurance is the use of the vehicle for the transport of dangerous goods. All protection as part of the rental contract will become void, in particular, if an unauthorized driver has used the vehicle or if the driver of the vehicle does not possess the required driver's licence at the time of the event giving rise to claim.

**Loss damage waiver (incl. theft protection)**

Loss damage waiver (incl. theft protection) removes the drivers responsibility to a part of the vehicle in case of damage or theft.

If loss damage waiver (incl. theft protection) is accepted, the customer is entitled, depending on the vehicle, to a deductible of CHF 1,400.00 to CHF 5,000.00. In addition, a reduction of the deductible is possible.

In the event of willful or grossly negligent damage caused, a claim on the agreed fully comprehensive cover (incl. theft cover) can be reduced or lapsed.

If no fully comprehensive cover (incl. theft cover) has been arranged, the leaser is responsible for all damage to the car not proven to be caused by a third party, and shall be liable for up to the full value of the vehicle.

#### **Personal accident protection**

By taking out personal accident protection coverage can also be extended to cover the consequences of an accident.

By taking out personal accident protection the limit of liability is: CHF 40,000.00 for invalidity, CHF 20,000.00 for decease, and an unlimited amount for medical costs (up to a maximum of 5 years).

#### **Tire and glass coverage**

The tire and glass coverage provides protection for damages on tires, rims, windscreen, side windows and the rear window with a deductible of CHF 0.00.

If no glass and tyre cover has been arranged, the leaser shall be liable for up to the full amount of the damage.

#### **Roadside protection**

The roadside protection is an extended breakdown protection during the rental and protects you at home and abroad against high service and repair costs for the following incidents caused by you: key locked in vehicle, breaking caused by lack of fuel, assistance with starting necessitated by flat battery, loss of key and vehicle stuck.

All services may only be ordered by a direct claim with Sixt 24-hour Roadside Assistance. They shall also determine the type and extent of service required to ensure the renter stays mobile. If any damage to the rental vehicle occurs which is not covered by Sixt within the scope of the Roadside Protection, the renter is liable for such damage.
